INVENT A STORY Grand Idea Generator Storyboard

The Inventor's Handbook says that all great inventions start off as a grand idea.

The trouble with grand ideas is that they are one in a gazillion.

Which is why we need your help!

Where – would you like your
time machine to travel?

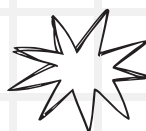

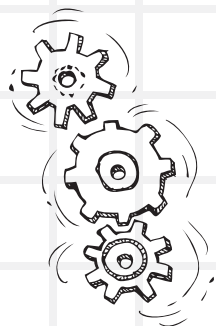

When – would you like to land?
Forwards or backwards in time
(or sideways for a surprise?)

'What we need, is
to think outside the box.
What we need is an
idea that's so spingly,
so amazing'

How – are you going to
survive when you get there?

Who – are you likely to travel
with or meet once you're there?

A laugh-out-loud,
wacky adventure through time!

BRAIN FUEL!

You know what happens when a car runs out of fuel or battery power don't you – it just stops! Well, it's pretty much the same for people when we don't have enough food or drink inside us.

Show us what you're
fuelling your
brilliance with today.

Congratulations, you've been brilliant!
That deserves a Brain Trophy!
